

PRESS RELEASE

Neodecortech faces the concentration of the commodity sector

Filago, March 22, 2018

In recent days the news of a possible merger between Fibria and Suzano in Brazil was published; this would lead to a colossus of the cellulose market with consequent upward pressure on prices of raw materials used in the paper industry, already supplied by few producers.

Neodecortech S.p.A. ("NDT" or the "Company"), Italian leader in the production of decorative paper for laminated panels and flooring used in the interior design sector, announces that the Company is not very sensitive to the issue of supplier concentration as it has already anticipated this scenario in its growth strategy. As previously communicated by the CEO Luigi Cogni, the increase in raw material prices had already been expected in 2017 and therefore the strategy in 2018 will be to overturn these increases in order to recover further margins.

Neodecortech S.p.A

Neodecortech is the leader in Italy in the production of decorative paper for laminated panels and flooring used in the interior design sector. The Group's business is in the production of complete and technologically advanced solutions for the realization of interior design projects, covering all stages of the production process for the production of decorative paper, from raw material management, through surface finishing and impregnation, until the finished product and the management of end-of-line logistics. The Group is able to offer 51 products divided into the following 5 categories: decorative papers; decorative printings; finish foil; melamine film; PPF or LVT (www.neodecortech.it).
