

PRESS RELEASE

- **NEODECORTECH ANNOUNCES DEVELOPMENT OF NEW SOLUTION FOR SKIRTING BOARD COVERS**

Filago, 27 February 2019

Neodecortech S.p.A. (the "**Company**" or "**Neodecortech**"), parent company of the Italian Group which is a leading producer of decorative paper for interior design, and which has been listed since 26 September 2017 on the AIM Italia/Alternative Capital Market, multilateral trading system organized and managed by Borsa Italiana S.p.A. ("AIM Italia"), announces having completed the development today, in the family of **PPLF (Plastic Printed Laminated Film)** products, of a new solution for SKIRTING board covers used in flooring (LVT) and for jambs, backlining and coordinating elements for doors.

The new range of products, leveraging on the support from the Neodecortech structure and without making any new investments, perfectly complements the Group's portfolio, by offering end users in the doors segment the chance to propose coordinating elements that perfectly match the colour of the door, and clients in the flooring segment (LVT) to market skirting boards that are identical to the floor. The synergy created by offering accessories that match the same colour of the main product is an absolute innovation for these markets. Building on this new solution, the Company plans to broaden the audience of potential users of its products, to diversify its product range with respect to its competitors, and to continue on the path of launching higher-margin products on the market.

Neodecortech Spa

Neodecortech is the Italian market leader in the production of decorative papers for laminated panels and flooring for interior design. The Group's business is in the production of complete and technologically advanced solutions for the realization of interior design projects, covering all stages of the production process for the production of decorative paper, from raw material management, through surface finishing and impregnation, up to the finished product and the management of end-of-line logistics. The Group is well positioned to offer over 50 products divided into the following 5 categories: decorative papers; decorative prints; finish foil; melamine film; PPF and PPLF for LVT.
