PRESS RELEASE

Approval of Neodecortech S.p.A. Draft Financial Statements and Consolidated Financial Statements at 31 December 2020.

- Consolidated turnover € 127.8 million (-3.9% versus € 133.0 million at 31 December 2019), despite the lockdowns in March and April at the Filago (BG) and Casoli d'Atri (TE) plants and reduced operations in May and June;
- Consolidated EBITDA € 14.6 million (€ 16 million at 31 December 2019), or 11.4% of revenue;
- Consolidated EBIT € 5.5 million (€ 7.1 million at 31 December 2019), or 4.3% of revenue;
- Consolidated net profit € 3.5 million (€ 4 million at 31 December 2019);
- Consolidated net financial debt at 31 December 2020 approximately € 39.9 million, improving versus € 40.5 million at 31 December 2019, after capital expenditure of € 6.2 million;
- Proposed dividend: € 9 cents per share with a 2.73% yield;
- > Approval of Report on Corporate Governance and Ownership Structure;
- > Approval of Report on Remuneration Policy and Compensation Paid;
- Confirmation by the Board of Directors for the submission of the application to move to the STAR segment managed by Borsa Italiana S.p.A.;
- > Approval of the proposal on the purchase and disposal of treasury shares.

Filago, 2 March 2021

Neodecortech S.p.A. ("**NDT**" or the "**Company**"), listed on the Mercato Telematico Azionario (electronic stock market) organized and managed by Borsa Italiana S.p.A. ("**MTA**"), announces that the Board of Directors met today and, in compliance with current regulations, resolved, among other things, on the following:

- 1. to approve the Neodecortech S.p.A. Draft Financial Statements and Consolidated Financial Statements at 31 December 2020, prepared in accordance with international accounting standards (IAS/IFRS).
- 2. to approve the Report on Corporate Governance and Ownership Structure for 2020 and the Report on Remuneration Policy and Compensation for 2020 and 2021.
- 3. to propose the distribution of a dividend.

Despite the extraordinary events and hardships brought last year by the COVID-19 pandemic, the Group has shown great resilience and achieved a strong rebound in results especially in the second half of 2020. For this reason, thanks to these results, the current positive market conditions and the Company's financial resources, the Board assessed that all the conditions were there to comply with the dividend policy of prior years, even in such a complex and challenging year.

In this respect, in light of a net profit by Neodecortech S.p.A. of \notin 3,555,413.49, the Board resolved to submit to the Shareholders' Meeting a proposal for 2020 to distribute a total dividend of \notin 1,205,573.40 equal to \notin 9 cents per share, for which the ex-dividend date proposed is 17 May 2021, while the payment date proposed is from 19 May 2021 (record date 18 May 2021). The dividend yield calculated on the closing price at 1 March 2021 is 2.73%.

In this regard, it should be noted that, on 31 January 2020, the Board of Directors had approved a dividend policy for 2020-2022, which envisaged the distribution of an amount equal to at least 40% of the Company's profit as presented in the financial statements approved from year to year, without prejudice, in any case, to: (i) an absolute limit of \notin 2 million for each year, as well as (ii) the necessary resolutions by the Shareholders' Meeting of the Company. The Board of Directors resolved today, also for future financial periods, to clarify for the purposes of such policy, that the distribution of an amount equal to at least 40% is determined on the distributable profit for the financial period, i.e., net of allocations to legal reserves.

C.F. e R.I. 00725270151 P.IVA IT 02833670165 R.E.A. BG - 193331

- 4. to grant authorization to the Chairman and the CEO, severally, to submit an application for admission to the STAR segment of Borsa Italiana.
- 5. the proposal to request authorization for the purchase and disposal of treasury shares.

The Company's Board of Directors determined to propose that the Ordinary Shareholders' Meeting resolve on the authorization for the purchase and disposal of treasury shares.

Under the proposal, the Board of Directors is authorized to purchase ordinary shares of the Company in accordance with applicable regulations, in one or more tranches, up to a maximum of no. 1,351,526 ordinary shares, equal to 10% of the share capital, for a period of 18 months from the date on which the Shareholders' Meeting adopts the corresponding resolution.

The Company intends to proceed with the purchase of the shares in such a way as to ensure equal treatment of shareholders, in accordance with CONSOB regulations. Specifically, among the purchase criteria set out in Article 144 bis of CONSOB Regulation no. 11971/1999, the Company may carry out purchases:

- i. through a public purchase or exchange offering;
- ii. on regulated markets, according to the operating criteria established in the organization and management regulations of the same markets, which do not allow the direct combination of the purchase negotiation proposals with pre-determined sale negotiation proposals;
- iii. in accordance with the procedures permitted by market practices and adopted from time to time by CONSOB.

Mention should be made that as at today's date, (i) the Company holds no. 120,000 treasury shares (equal to 0.89% of the share capital), while (ii) the subsidiaries do not hold any Company shares.

The assumptions underlying the request and the main objectives that the Board of Directors intends to pursue are to:

- a) allow the conversion of debt instruments into shares;
- b) facilitate the implementation of management incentive plans;
- c) provide liquidity to the market;
- d) set up a so-called "shares stock" that could be used for future extraordinary financial transactions;
- e) employ excess liquid resources;
- f) optimize the capital structure; and
- g) remunerate shareholders in ways other than dividend distribution.

The authorization request also envisages the power of the Board of Directors to carry out several and subsequent purchase and disposal transactions (or other acts of disposal) of treasury shares, including on a revolving basis, even for fractions of the maximum authorized quantity, so that, at any time, the quantity of shares subject to the proposed purchase and held by the Company does not exceed the limits set out by law and by the authorization of the Shareholders' Meeting.

The purchase price of the shares shall be identified on a case-by-case basis, having regard to the method chosen to carry out the transaction and in compliance with applicable legal and regulatory provisions and, specifically, at a price for each share that may not be more than 10% lower or higher than the reference price recorded by the Company's share on the Stock Exchange in the session prior to each individual purchase transaction.

With regard to disposals of treasury shares, a proposal is put forward to the Ordinary Shareholders' Meeting to authorize the Board of Directors of the Company to carry them out at a price that is not lower than 10% of the average official price recorded on the MTA in the five days prior to the disposal. This price limit may be waived in the event of exchange or sale of treasury shares in the framework of the implementation of industrial and/or business projects and/or projects of interest for the Company, in the event of disposal of shares in execution of incentive programs and, in any case, of plans pursuant to Article 114-bis of the TUF,

C.F. e R.I. 00725270151 P.IVA IT 02833670165 R.E.A. BG - 193331

in the event of the fulfilment of obligations arising from debt instruments convertible into equity instruments, and in the event of integration and/or replacement of the dividend distribution policy. The Company shall also comply with the procedures, limitations and requirements envisaged by the market practices permitted by CONSOB, if and to the extent that they are applicable to one or more of the above purposes and limited to the quantities of treasury shares purchased for each of these purposes.

For further details, reference should be made to the report prepared by the Board of Directors, which will be made publicly available within the time limits provided by current regulations.

- 6. to grant authorization to the Chairman to convene the Ordinary Shareholders' Meeting for next 13 April 2021, at 10.30 a.m., at Studio Notarile Marchetti, located in Via Agnello 18, Milan, with the following agenda:
 - 1. Review and approval of the financial statements at 31 December 2020, accompanied by the Directors' Report on Operations, the Board of Statutory Auditors' Report and the Independent Auditors' Report, and the Statement of the Financial Reporting Manager. Presentation of the Consolidated Financial Statements at 31 December 2020, accompanied by the Directors' Report on Operations, the Board of Statutory Auditors' Report, the Independent Auditors' Report, and the Statement of the Financial Report, the Independent Auditors' Report, and the Statement of the Financial Report, the Independent Auditors' Report, and the Statement of the Financial Reporting Manager;
 - 2. Approval of the allocation of the result for the year;
 - 3. Report on Remuneration Policy and Compensation Paid. Approval of Section One of the Report pursuant to Article 123-ter, third paragraph of Legislative Decree 58/1998;
 - 4. Report on Remuneration Policy and Compensation Paid. Advisory vote on Section Two of the Report pursuant to Article 123-ter, fourth paragraph of Legislative Decree 58/1998;
 - 5. Authorization on the purchase and disposal of treasury shares.

The full notice of call of the Shareholders' Meeting and the documentation related to the items on the agenda will be published and made publicly available in the manners and within the time limits of law.

CONSOLIDATED FINANCIAL HIGHLIGHTS AT 31 DECEMBER 2020

CEO Luigi Cologni's words on the consolidated figures: "The results achieved in 2020, approved today by our Board of Directors, prove, in such a challenging context and despite the heavy impact of the COVID-19 emergency, how the Neodecortech Group has shown great resilience, retaining the quality of margins and financial soundness. These results benefited from a strong recovery in demand in the second half of the year and the launch of new products (PPLF, EOS and 142 cm laminate), which will gain increasing importance for the Group. The results achieved are significantly higher than those forecast in the base scenario of the updated 2020 budget by the Board of Directors during the transition to the MTA in May 2020 and despite the general uncertainty brought by the current unsolved COVID-19 pandemic crisis".

The CEO continues by emphasizing how "Smart working and the renewed central role of the home environment have played a part in propelling growth in Europe in the demand for furniture, which is still driving the market segments of furnishing surfaces that represent the main outlet for Neodecortech decorative papers. And as this new year begins to unfold, the order book allows Neodecortech to remain confident of its market positioning".

Consolidated net revenue at 31 December 2020 amounted to € 127.8 million, down by 3.9% versus € 133 million recorded in the same period of the prior year.

More specifically, sales:

- in the Printed Decorative Paper Division were down by 2.3%,
- in the Decorative Paper Division dropped by 13.5%,
- in the Energy Division, on the other hand, were up by 8.4% versus the same period of the prior year.

Neodecortech S.p.A. Via Provinciale, 2 24040 Filago, Bergamo tel +39 035996111 fax +39 035995225 Capitale Sociale Euro 17.398.687,37 i.v. C.F. e R.I. 00725270151 P.IVA IT 02833670165 R.E.A. BG - 193331

Geographically speaking, the performance of the different areas was affected by the timeline of the spread of the COVID-19 pandemic and the gradual adoption of the containment measures by the various government authorities.

The changes versus the same period of the prior year are as follows. Regarding the two areas - Italy and Europe - that generate 94.4% of sales:

- in Italy, sales grew by 2.1%, reflecting the Group's rapid recovery in the second half of the year;
- in Europe, sales, on the other hand, fell by 8.3%;

In other geographical areas:

- in Asia and the Middle East, sales dropped by 42.3%;
- in Africa by 4.7%, while
- in America, sales were up by 2.4%.

In 2020, the cost of sales and other net operating costs amounted to € 97.7 million, making for 76.4% of revenue, down versus € 100.5 million in the same period of the prior year (75.6% of revenue).

Personnel expense amounted to € 18.9 million, making for 14.8% of revenue, down versus the same period of the prior year (€ 20.7 million, or 15.6% of revenue). The number of employees at 31 December 2020 was 385 versus 378 at 31 December 2019.

EBITDA came to € 14.6 million (11.4% of revenue), down from € 16 million at 31 December 2019 (12% of revenue). A noteworthy point is that EBITDA in the 2nd half of 2020 alone shows a margin of 12.2%.

EBIT came to € 5.5 million (4.3% of revenue) versus € 7.1 million (5.4% of revenue) at 31 December 2019.

Net financial expense amounted to € 1.4 million in the year, down versus € 1.9 million in the prior year.

The result before tax shows a profit of \notin 4.1 million versus \notin 5.2 million in the prior year.

2020 closes with a net profit of € 3.5 million (or 2.8% of revenue) versus € 4 million in 2019 (or 3% of revenue).

All the investments planned at the beginning of 2020 were completed and amounted to € 6.2 million, made mainly by the parent company in machinery for the new EOS, PPLF and "142 cm laminate" production lines.

Equity amounted to € 61.7 million versus € 61.3 million at 31 December 2019.

The net financial position at 31 December 2020 stands at \notin 39.9 million, after investments of \notin 6.2 million and new secured loans of \notin 10.9 million.

The net financial position:

- decreases by € 0.6 million versus 31 December 2019 (€ 40.5 million), and
- decreases by € 8.3 million versus 30 June 2020 (€ 48.2 million).

The investments planned at the beginning of 2020 have all been completed and refer mainly to machinery for the new EOS, PPLF and "142 cm laminate" production lines of the parent company.

Neodecortech S.p.A. Via Provinciale, 2 24040 Filago, Bergamo tel +39 035996111 fax +39 035995225 Capitale Sociale Euro 17.398.687,37 i.v. C.F. e R.I. 00725270151 P.IVA IT 02833670165 R.E.A. BG - 193331

As previously disclosed to the market on 21 May 2020, following preliminary analyses and assessments of the possible effects of the COVID-19-related crisis, on 27 April 2020 the Company updated the outlook for 2020 (the "Updated 2020 Budget"), taking account of the results of first quarter 2020, closure of the plants in March-April 2020 and the presumable developments in demand for the Group during the remaining part of 2020. The Updated 2020 Budget included two sensitivity analyses with the application, respectively, of a reduction in gross revenue versus the base scenario; in the first assumption (10% reduction in gross revenue versus the base scenario), the net result shows a loss for 2020 of \notin 308 thousand, while in the second (a 20% reduction in gross revenue versus the base scenario), a loss of \notin 2,310 thousand.

Therefore, with reference to the period from 1 January 2020 to 31 December 2020, the trend in revenue, margins and in the Net Financial Position is significantly better than both the estimates of the base scenario of the Updated 2020 Budget and the two sensitivity analyses considered.

Lastly, at 31 December 2020, the Group had satisfied the only remaining covenant on a loan of one of its subsidiaries.

COVID-19 containment measures

At the beginning of January 2020, the World Health Organization announced the spread of the COVID-19 infection in China, particularly in the Wuhan district, and then declared an international state of health emergency on 30 January. In February 2020, the virus had spread across Europe and America, leading to a general lockdown from March to May.

Since the onset, the Neodecortech Group has monitored the developments of the spread of COVID-19, setting up a dedicated task force and promptly adopting the necessary prevention, control and containment measures against the pandemic at all its sites in Italy. Additionally, production activities were suspended during March and April at the Filago (BG), Casoli d'Atri (TE) and Guarcino (FR) plants.

In order to contain personnel expense, the Group has resorted to the CIGO (Ordinary Temporary Layoff Benefits Fund owing to COVID-19).

For the restart of production sites, after the lockdown periods, the Group put in place effective measures to contain the virus and protect the health of its employees and associates, such as: the change of production layouts, sanitization of premises, purchase of personal protective equipment, temperature measurement, widespread adoption of hygiene rules and social distancing.

The Group has taken out insurance policies to protect workers against COVID-19-related events and, since the restart at end April, has made extensive use of smart working wherever possible.

To make up for the sacrifices by the workforce due to the use of the CIGO, the Group has set up a corporate welfare program that has virtually cancelled out the operating impact of the redundancy fund.

In order to tackle this tough market phase, between April and September 2020, the Group's financial structure was further strengthened with new short-term loan agreements for \notin 0.9 million and other medium/long-term loans secured by Medio Credito Centrale for a total of \notin 10 million.

EVENTS AFTER THE REPORTING PERIOD

No significant events occurred after the end of the financial period.

OUTLOOK FOR THE YEAR

Following the closures in March and April and the months of lower production capacity in May and June, the second half of the year witnessed a strong recovery in orders and the Group's income results. To date, the entire production chain in which Neodecortech and Cartiere di Guarcino operate is working at full production capacity, with a good forecast of orders for first quarter 2021. This trend is shared by all the sales areas (90% Europe) in which the companies mainly operate.

Based on the strong recovery of the figures in the second half of 2020, the Group believes it can continue this growth

Neodecortech S.p.A. Via Provinciale, 2 24040 Filago, Bergamo tel +39 035996111 fax +39 035995225 Capitale Sociale Euro 17.398.687.37 i.v. C.F. e R.I. 00725270151 P.IVA IT 02833670165 R.E.A. BG - 193331

trend in 2021, in line with the results forecast in the 2021 Budget, approved with the 2021-2023 Business Plan. More specifically, while staying in the general trend of the relevant market as far as the core products (printed and impregnated paper) are concerned, Neodecortech (Printed Decorative Paper Division) plans to contribute to its growth in 2021 in the areas where the investments in production that started in 2019 and were completed in 2020 were made:

- plastic printed laminated film (PPLF), used for production not only in the LVT (luxury vinyl tiles) flooring category, but also in new areas such as vertical wall coverings;
- laminates size 142 cm (in addition to 130 cm) for both existing and new customers in new areas;
- strong promotional action for the launch on the market of the new family of anti-fingerprint products, EOS, currently available in laminate and thermoplastic versions.

As for Cartiere di Guarcino S.p.A. (Decorative Paper Division), the development of Velvet Paper and, in terms of innovation, of paper for food use will continue in 2021; the positive outcome from these two new product lines is expected to increase the subsidiary's turnover.

As far as Bio Energia Guarcino (Energy Division) is concerned, the unit value of the incentive increases in 2021 from 99.05 €/MWh incentivized to 109.36 €/MWh incentivized, as a result of a reference price of electricity in 2020 of 39.80 €/MWh.

And after the all-time low recorded in 2020, the energy market is expected to trend upwards also as a result of rising gas prices.

ALTERNATIVE PERFORMANCE MEASURES

The definition of the main APMs used by the Neodecortech Group is given below:

- EBITDA and EBIT: alternative performance measures not defined by IFRS but used by Group Management to monitor and measure its performance, as they are not affected by volatility, due to the effects of the range of criteria for determining taxable income, the amount and characteristics of the capital employed and - for EBITDA - the amortization/depreciation policies. These measures are also commonly used by analysts and investors to assess company performance;
- OPERATING WORKING CAPITAL, NET WORKING CAPITAL, FIXED ASSETS and NET INVESTED CAPITAL: allow a better assessment of both the ability to meet short-term trade commitments through current trade assets and the consistency of the structure of loans and sources of financing in terms of time;
- NET FINANCIAL DEBT: the figure shown is in line with the value of net financial debt determined in accordance with the recommendations of the CESR (Committee of European Securities Regulators) of 10 February 2005 and referred to by CONSOB. This measure allows a better assessment of the overall level of debt, capital strength and debt repayability.

The Financial Reporting Manager, Fabio Zanobini, declares, pursuant to paragraph 2 of Article 154-bis of the Consolidated Finance Law, that the accounting information contained herein is consistent with the underlying accounting documents, books and records.

Notice is hereby given that the Financial Statements and the Consolidated Financial Statements at 31 December 2020, together with the related Reports, the Annual Report on Corporate Governance and Ownership Structure and the Remuneration Report, approved by the Board of Directors today, will be published, in accordance with current regulations, at the Company's registered office and can be consulted on the Company's website at the following
