➤ **Neodecortech is partner of the initiative "The Wood of Remembrance"**

Filago, 18 March 2021

Neodecortech S.p.A. ("**NDT**" or the "**Company**"), one of Europe's top players in the production of decorative papers for laminated panels and flooring used in interior design, listed on the STAR segment, organized and managed by Borsa Italiana S.p.A. ("**STAR**" and "**Borsa Italiana**") announces its participation and support to the initiative "The Wood of Remembrance", promoted by the "Associazione Comuni Virtuosi" ("Virtuous Municipalities Association").

On Thursday, March 18, in the presence of the Prime Minister Mario Draghi, the area commemorating the victims of Covid-19 will be inaugurated at Parco della Trucca in Bergamo, next to the "Papa Giovanni XXIII" hospital, a symbol of the fight against the pandemic. This project combines the need to preserve the memory of those who left us and the need to celebrate life: for this reason, instead of building a monument, it was decided to plant about 750 trees and to create walking trails .

The space, conceived and designed by architect Paola Cavallini of the architectural firm A+C of Parma and agronomist Roberto Reggiani of the experimental farm Stuard of Parma, is proposed as a landmark for cultural, educational and recreational initiatives for the community.

The project addresses three of the Sustainable Development Goals (SDGs) defined by the United Nations: 3. Good health and well-being; 11. Sustainable cities and communities; 13. Climate action.
