

PRESS RELEASE

Entire NEODECORTECH Group achieves carbon neutrality

Filago, 18 September 2023

Neodecortech S.p.A. ("NDT" or the "Company"), one of Europe's top players in the production of decorative surfaces for laminated panels and flooring used in interior design, listed on the Euronext STAR Milan ("STAR") segment organized and managed by Borsa Italiana S.p.A., announces that in 2023 it is continuing the path initiated two years ago after joining the CDP (Carbon Disclosure Project*) program.

This path has resulted in CDP reaffirming a "B" score for Neodecortech last December for the second consecutive year, surpassing the global average score (C). This recognition underscores the Company's commitment to combating climate change.

Throughout the first half of the year, the entire Group continued to pursue a series of actions outlined in the ESG PLAN 2021 - 2023. These actions included reducing CO2 equivalent emissions by generating electricity through biomass at BEG, implementing photovoltaic systems at both the Neodecortech Filago and Casoli plants, and procuring residual electricity from renewable sources. Moreover, the Group fully offset its remaining CO2 equivalent emissions by purchasing the necessary carbon credits.

As a result, the entire Group has achieved **carbon neutrality**.

Neodecortech S.p.A.

Neodecortech is one of Europe's top players in the production of decorative surfaces for laminated panels and flooring used in interior design. The Group's business is in the production of complete and technologically advanced solutions for the realization of interior design projects, covering all stages of the production process for the production of decorative paper, from raw material management, through surface finishing and impregnation, up to the finished product and the management of end-of-line logistics. The Group offers 7 product categories: decorative papers; decorative printings; finish foil; melamine film; PPF and PPLF; laminates; EOS anti-fingerprint surfaces (www.neodecortech.it).
